

WILDWOOD®

Memo

To: Mayor Jim Bowlin
Wildwood City Council Members

From: Mike Hartwig, Assistant City Engineer
Joe Vujnich, Director of Planning & Parks

Date: February 4, 2019

Re: Construction Project Updates

Following is an update on all active City construction projects. The Departments of Public Works and Planning/Parks will be available for any questions at the February 11, 2019 City Council Meeting.

Community Park – Phase 3: The Department of Planning and Parks has provided a more detailed explanation of the progress being made toward completing the Phase Three component of the Wildwood Community Park. This explanation is included as a “For Information” Item in the City Council’s Work Session Agenda.

Manchester Streetscape – Phase 3: The bids from this project are in the process of being reviewed and a contract being awarded to the apparent low bidder, Gershenson Construction. Various utility companies will be completing relocation work in February, with construction anticipated to begin in March. This project will complete pedestrian and streetscape enhancements along Manchester Road between Taylor Road and Eatherton Road.
