Re: **Update Report on Facility Reservations, Event Registrations, and Ongoing and Long-Term Maintenance Costs for Parks and Trail Facilities (Wards – All)**

Council Members:

**Monthly Accounting for Parks & Recreation >>>**

Since 2016, the Planning and Parks Committee has provided a monthly accounting of both revenues and expenditures to City Council, which is prepared by the Department of Planning and Parks. For the first two (2) years of this reporting, separate memorandums were issued, with information on both expenditures and revenues. Beginning in 2018, the Committee combined these reports into a single representation. Detailed spreadsheets showing the accounting of each are still provided, along with a summary page also being included.

**Revenues from Reservations/Registrations >>>**

The first detailed spreadsheet provides an accounting of reservations for three (3) rentable pavilions (Community, Anniversary, and Old Pond School Parks), enrollment associated with annual memberships for the Dog Park, and registrations for City events. The Committee would note the calculations of registrations are totaled for each event and listed during the month it was held, not necessarily when the reservations were made. Additionally, Dog Park Memberships are processed on a calendar year, so any renewals completed in December for the upcoming year, are only identified in January of the year the membership is valid. The final item of note is the accounting provided is not necessarily net income for the City. Expenditures occur for each event, maintenance and upkeep within each park, and fees to partners, who assist the City in the execution of these activities. The fees collected are identified in total on the summary sheet and by program, park, or membership on the attached spreadsheet.

Annual revenues, since 2016, are identified in the table provided below:

2016 Annual Revenue -	\$31,989.00
2017 Annual Revenue -	\$45,425.00
2018 Annual Revenue -	\$53,480.00

2019 Annual Revenue -	\$55,895.00
-----------------------	-------------

The Planning and Parks Committee Members did note that revenues, as well as expenditures, are lower, given the impacts of COVID-19 Coronavirus on all aspects of life.

**Expenditures from Parks/Trails Maintenance >>>**

The summary of annual expenditures for the ongoing maintenance and upkeep of the City's facilities, since 2006, is identified below:

**Current Allocations/Revenues/Expenditures >>>**

The Committee, on behalf of the City Council, has requested monthly reports on revenues and expenditures and the Department, in providing them, calculates these totals upon the date the work was completed, not necessarily when the invoice was paid. Over the course of the previous month, these expenditures include the following items:

- ✓ Trash removal
- ✓ Mulching of parks
- ✓ Chipping of honeysuckle
- ✓ Grass cutting and trimming
- ✓ Special Projects

The revenues and spending for the current year, again on a per month basis of when the work was completed or the event was held, are provided on the next page:
