

MEMORANDUM

To: Administration/Public Works Committee Members

From: Rick C. Brown, Director of Public Works / City Engineer

Date: April 30, 2021

Re: Proposed Purchase of Chevrolet Colorado Pickup Truck

Background

For 2021, \$35,000 was allocated through the Capital Budget to replace or purchase new vehicles used by city team members.

For this year, we are proposing to purchase a new truck to replace the existing Chevrolet Silverado 2500 model pickup truck driven by Brendan Maher, of our staff. This existing truck is a 2010 model, with over 92,600 miles on the vehicle.

The City has always taken advantage of the State Cooperative Purchasing Program to purchase new vehicles at a reasonable cost. John Brown Chevrolet is the closest dealership selected for the current State Purchasing Agreement, which can provide the proposed vehicle.

Recommendation

It is recommended that the City purchase a new 2021 Chevy Colorado pickup truck under the State Cooperative Purchasing Program, as described on the attached quote, including the optional equipment.

Reasons for Recommendation

- Funds have been allocated for this purchase in the 2021 Capital Improvement Budget.
- This purchase is proposed to replace an existing pickup truck which is used by Department of Public Works staff. The current vehicle was purchased in 2010. While the vehicle has provided good service, it is rusting, and its condition has diminished.

Assuming the Committee approves this recommendation, a bill authorizing the purchase will be prepared for the consideration of the City Council.

I will be available for any questions or comments at the May 4th, 2021 Administration/Public Works Committee Meeting.
