The Department of Planning, in preparation for the Lawn and Garden Summit, would like to proceed with the ordering of the banners for display at the Watershed Erosion Task Force's booth that is planned at this event. The banners were presented to the Task Force Members at its January 2022 meeting for their consideration. No motion was made, nor do the meeting notes indicate a consensus upon them. Therefore, at tonight's meeting, the Department would like to ensure the members agree with the use of the proposed banners and then endorse the design of them, so they can be manufactured in time for the March 19, 2022 event.

If any of the Task Force Members have any questions or comments, please feel free to contact the Department of Planning with them at (636) 458-0440. A brief presentation is planned at tonight's meeting in this regard. Thank you for your review this matter and direction in this regard.
