

WILDWOOD

Meeting of the BOARD OF PUBLIC SAFETY

Thursday, April 4, 2019

Wildwood City Hall Community Room
16860 Main Street

APPROVED

Committee Members in Attendance:

Marshal Dan McCune
Council Member Dave Bertolino
Board Member Denny Welker
Captain James Mundel, St Louis County Police

Absent:

Board Member Tim Jax
Deputy Chief John Bradley, Metro West Fire Protection District

Also Present:

Rick Brown, Director of Public Works / City Engineer
Joe Vujnich, Director of Planning and Parks, and Co-City Administrator
Brendan Maher, Civil Engineer

I. ROLL CALL

A roll call was taken at 6:30 pm, with the above noted as present.

II. APPROVAL OF MINUTES

A motion was made by Board Member Dave Bertolino to approve the minutes from the March 7 meeting. Board Member Denny Welker seconded the motion. All present voted in favor and the motion was approved.

III. PUBLIC COMMENT

A. Crystal McCune, Council Elect and Member of Lake Chesterfield HOA

1. Parking on cul-de-sacs can be a nuisance to delivery or trash trucks. Cul-de-sacs have a narrow roadway width for parked cars and trucks to share the road and easily pass with out damaging landscaping or clipping curbs. She asked if they are all the same size, can there be rules to apply to everyone, or should rules be made only about certain cul-de-sacs.
2. Lake Chesterfield's pool season draws a significant number of vehicles when there are meets and parking on both sides of the street, which can make for difficulty if emergency vehicles need to get through or people need to pull out of their driveway. She would like for St. Louis County police to post temporary no parking signage on these days, on Sailboat Way and Centerpointe. She will provide meet schedule.

B. Tim Woerther, Council Member

1. Per Crystal's above statement about swim meets at Lake Chesterfield, we would like to prevent meet goers from parking in front of people's homes.
2. Per Crystal's above statement about cul-de-sacs, such rules may need to be applied across the city.
3. From a previous meeting inquiry, can Captain Mundell comment or provide report on 911 response times in Wildwood? Captain Mundell stated that Wildwood falls under 90% calls answered in a 10 second window. Usually all calls are answered in 4-6 seconds, county wide.

IV. FOR INFORMATION

A. Personal Safety Training with Dave Williams

1. City Attorney, John Young, saw no liability with Dave Williams personal safety training proposal and it can be moved to City Council for approval.

V. OLD BUSINESS

- 1) **No Items**

VI. NEW BUSINESS

A. St. Louis County Police Department - Wildwood Precinct Equipment Needs and Associated Requests

Director of Planning and Parks and Interim City Administrator Joe Vujnich asked for two items to be considered on behalf of the Wildwood Precinct Police:

1. Wireless headsets for portable radios.
2. Eighteen-foot utility trailer to transport RUV and bicycle to parks, trails, or events.
3. Marshal Dan McCune wanted to know more about the trailer and dimensions of RUV to see if an 18' trailer is necessary. Joe Vujnich requested postponement of the request so that dimensions of RUV and catalogue of products can be studied and informed to Marshall.

B. Parking in Cul-de-Sacs

1. Parked vehicles do not allow for adequate space for trucks to pass.
2. Trucks can accidentally cause damage in cul-de-sacs islands when vehicles are parked.
3. There is a current ordinance that states cars cannot be parked in the street for more than 24 hours without being moved or driven.
4. Restrictions for cul-de-sacs are usually handled on a case by case basis.
5. If parking on cul-de-sac is considered unsafe, an ordinance for permanent no parking signage can be considered.
6. The Board recommended that the HOA survey neighbors living adjacent to cul-de-sacs where parking restrictions are suggested to determine resident support. The topic will be postponed until the results of said surveys are completed and brought back to the Board for consideration.

C. On-Street Parking Adjacent to Lake Chesterfield Pool and Clubhouse

1. Swim meets generate large amount of traffic for limited parking areas, thus creating a lot of work in the way of putting up temporary "No Parking" signage for each event.
2. The Board made a motion to adopt the recommendation for no parking signage on Pierside and Waterside as recommended by the Department.

VI. ADJOURNMENT

A motion was made by Board Member Denny Welker to adjourn, this was second by Board Member Dave Bertolino. All were in favor. The meeting adjourned at 7:40 pm.

Respectfully Submitted,
Michelle Scherer, Administrative Assistant
